

5/3/2021

Dear Camp Families,

We are thrilled to welcome you to GA Summer Camp for the 2021 season! Our team has been hard at work these many months planning a camp experience that may look a little different but will continue to deliver a fun, enriching, and safe environment for your children. Please take the time to review the following policies and procedures for our 2021 season. Especially for our returning campers, please note that many things have changed since our last camp season.

Drop-Off/Pick-Up

In order to spread out our population and not mix groups:

- Day camp drop-off/pick-up will take place in the field house
- Adventurer Camp drop-off/pick-up will take place at the Patriot Way bus shelter
- Sports camps will arrive and depart from the stadium
- Specialty camps will arrive and depart from Connor Quad
- AM/PM extended care will arrive and depart from the Annex
- There will be no carpool option

Day Camp Structure

- Each troop has been limited to 10 students and has been assigned a home classroom that allows for 6 feet of social distancing. Troops will begin and end their day in their classroom as well as utilize this space for lunch and activities during inclement/excessive heat weather.
- Lunch will be eaten outside whenever weather allows.
- Additional passing time has been built into the daily schedule to allow for handwashing and sanitizing of equipment between groups.

COVID-19 Mitigation Strategies

- All camp staff have been provided with the opportunity to receive a COVID-19 vaccine ahead of camp.
- Campers and staff will be required to complete a 2-week temperature and symptom log prior to the start of camp.
- Health forms are a new requirement this year. Please submit them if you have not already!
- Temperature and symptom checks will happen twice a day: at arrival in home classrooms and during lunch.
- Masks will be required at all times at arrival/dismissal and while indoors. Exceptions will be made when eating/drinking or swimming. When outside, masks may be removed if 6 feet of distance is maintained at all times.
- Masks must be at least 2-ply and fully cover the mouth and nose. Bandanas, gaiters, scarves, and other improvised masks are not permitted.
- All indoor spaces have modified room capacities to ensure social distancing
- Parents/Visitors will not be permitted on camp grounds/in camp buildings
- Belfry camp will have the ability to practice outdoors and perform multiple smaller audience productions at a newly created outdoor performance stage.
- Sports camps will not swim this year but will be provided with ample outdoor water activities to stay cool.

Health & Wellness Procedures

- Isolation rooms have been established for any camper or staff that shows symptoms of COVID-19 during the day. Parents/Guardians will be called to pick up any camper who displays symptoms.
- The following camp exclusion policies will be in effect:

Updated April 13, 2021

COVID-19 School Exclusion Recommendations

Exclusion From and Return to School Recommendations			
<p>COVID-19 Symptoms</p> <ul style="list-style-type: none"> • Two of the following symptoms: fever (measured or subjective), chills, fatigue, myalgia, headache, sore throat, congestion, nausea, vomiting, or diarrhea OR • One of the following symptoms: cough, shortness of breath, difficulty breathing, or new loss of taste or smell 	<p>Individual should be tested for COVID-19.</p> <ul style="list-style-type: none"> • If test result is negative OR doctor's note with differential diagnosis, return to school after 24 hours afebrile <u>and</u> improved respiratory symptoms • If test result is positive or individual is unable/refuses to get tested, may return to school after: <ul style="list-style-type: none"> ➢ 24 hours with no fever <u>and</u> ➢ Improvement in symptoms <u>and</u> ➢ 10 days since symptoms first appeared 		
<p>Positive COVID-19 PCR or Antigen (Point of Care) Test</p>	<p>WITH SYMPTOMS</p> <p>May return to school after:</p> <ul style="list-style-type: none"> • 24 hours with no fever <u>and</u> • improvement in symptoms <u>and</u> • 10 days since symptoms first appeared 	<p>WITHOUT SYMPTOMS</p> <p>May return to school after:</p> <ul style="list-style-type: none"> • 10 days after specimen was collected <p>If symptoms develop during the 10 days, follow return to school guidance for positive PCR or Antigen test <u>with</u> symptoms</p>	
<p>Close Contact to Positive*</p> <ul style="list-style-type: none"> • Within 6ft for 15 minutes or more • Household contact <p>*If testing resources are sufficient, close contacts should be tested regardless of symptoms. If an individual is tested, regardless of the reason, they should stay home and isolate until the results are back.</p>	<p>WITH SYMPTOMS</p> <p>Individual should be tested for COVID-19</p> <p>May return to school after:</p> <ul style="list-style-type: none"> • 24 hours with no fever <u>and</u> • improvement in symptoms <u>and</u> • 10 days since symptoms first appeared 	<p>WITHOUT SYMPTOMS</p> <p>Quarantine can end 10 days after exposure without testing <u>or</u> after 7 days with a negative PCR or antigen test (must be collected on day 5 or thereafter)</p> <ul style="list-style-type: none"> • Household contacts may require further investigation, by either OPH or school officials, to determine dates of quarantine <p><i>The most protective recommended quarantine remains 14 days post exposure.</i></p> <p>It is recommended that symptom monitoring continue until day 14. If symptoms develop during the 14 days, follow return to school guidance for Close Contact <u>with</u> symptoms.</p>	<p>COVID VACCINATION</p> <p>People who are vaccinated against COVID-19 do NOT need to quarantine after an exposure to another person with COVID-19 if they meet ALL of the following criteria:</p> <ul style="list-style-type: none"> • They are fully vaccinated (i.e. ≥2 weeks following receipt of the second dose in a 2-dose series, or ≥2 weeks following receipt of one dose of a single-dose vaccine) <u>AND</u> • They have remained asymptomatic since the current COVID-19 exposure <p><i>The date of vaccination is day 0 when determining if an individual is fully vaccinated.</i></p> <p>SARS COV-2 ANTIBODY TEST</p> <p>Persons who recently test positive for SARS-CoV-2 antibodies (documented test for IgM or IgG) DO NOT need to quarantine in low-risk situations if specific criteria is met and person exposed is asymptomatic. <i>Consultation with MICOPH is required.</i></p>
